Happenings Director's Message

Most people think of books when they envision a library. The official mission of Library of The Chathams goes beyond that. It is to offer free access to ideas and services through a diverse and abundant selection of resources that will

promote a broader understanding of the world and enrich lives by serving as the community's learning and entertainment destination.

In support of that mission, and in answer to community input, the library provided a wealth of enrichment, educational and entertainment programs and resources in 2015, detailed in our annual report, available on the library website at www.chathamlibrary.org.

We don't rest on past successes though. This month we introduce a new continuing education program for adults, **CALL:** Chatham Adult Lifeworks Learning, which offers courses in art, music, history and current events. This Friends of the Library initiative is partly funded by the Friends. Our 2016 Summer Reading Program themes are *Get In The Game* and On Your Mark, Get Set....Read. Along with reading, these themes are geared toward multiple aspects of personal growth for all ages. Details are inside.

On behalf of everyone at the library, we look forward to the entire community enjoying these programs which were inspired by your input.

Karen Brodsky
