

# Miss Polly's Vegan Apple Cake

- ½ cup Earth Balance buttery spread
- 1 cup sugar
- 2 tbs egg replacer (follow directions on pkg.)
- 1 ¼ c. All-purpose flour
- 1 tsp baking soda
- 1 tsp cinnamon
- ¼ tsp salt
- ¼ cup Unsweetened Coconut milk
- 2 sliced apples (I leave the peel on)

Preheat oven 350 degrees F. Let butter get to room temperature. Mix all ingredients adding only enough of the coconut milk to make batter. Pour into greased 2" deep pie or brownie pan. Push apples all around into top of batter and bake about 35 minutes.
